

## Get a Fresh Start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails their smokeappetites!

Forget you ever *tried* to smoke, for Prince Albert is so different, such a fine flavor, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that—and cuts out bite and parch!

And this little preachment is also for men who *think* they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Get the idea of smoking *all* you want without a comeback—that's P. A.!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tiny red tin you will find... Prince Albert... which has made three men smoke pipes where one smoked before!

**FAMILY AVOIDS SERIOUS SICKNESS**

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand off the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

**IN MEMORY.**

In sad but loving remembrance of Mrs. Trinnie Moore, daughter of Russell and Amanda Thompson. She was born Dec. 6, 1874, died Feb. 11, 1916, aged 41 years, 2 months and 5 days. She was married to W. T. Moore March 14, 1891. To this union was born 10 children, three preceded her to the better world shortly after birth. Mrs. Nolda Thompson of Ledocio, Ky., Arley, Everett, Hubert, Mary, Alta and Alka are left to mourn their loss of a kind and loving mother. She was converted in the year 1890, and joined the M. E. Church and lived a devoted christian life up till she received her final summons, which we feel sure was welcome by her. She left this world with a smile on her face and said she wasn't afraid of death and we feel sure her spirit took its flight to the God who gave it. The home has lost its sunshine, since mother left us, the husband a loving companion, the children their best earthly friend. But thanks be to God if we all profess Christ as Trinnie did and live faithful we can see her again sooner or later.

She was sick for several months before death but was patient and pleasant to those about her. I would say to the children remember mother's advice and shun bad company as she has told you and above all get ready to meet mother. All was done by kind and loving hands that could be.

Trinnie was one who loved God far above all things. It is so hard for us to understand why she was taken from her kind husband and loving children but we can truly say God's will be done not ours. God in his wisdom knoweth best. He will care for the orphan children as he has cared for others.

May the blessing of God rest upon the heartbroken husband and children and may they be ready to meet the wife and mother when the dead and Christ shall rise.

The family has the sympathy of all their friends.

**Husband and Wife Both Saved From Suffering**

I wish to tell you the good results myself and husband received from Dr. Kilmer's Swamp-Root. About eleven years ago I had a severe attack of La Grippe and was confined to my bed about eight weeks under the doctor's care. He pronounced my case kidney trouble and rheumatism and not receiving the results from the doctor's treatment I should have received, I decided to try Swamp-Root. After taking several bottles of Swamp-Root I was able to get up and attend to my work. About a year later my husband was affected with a severe attack of kidney trouble and doctored for some time with the doctors and received no benefit. Knowing of the good I had received, he decided to try Swamp-Root. His condition was such that he was confined to his bed and words cannot tell how he suffered, but after taking Swamp-Root he was relieved so he could go on with his work without pain. I wish to heartily recommend Swamp-Root to all persons affected with kidney and bladder trouble and you may publish this letter if you wish.

Your truly,  
MRS. A. E. BRIGGS,  
Eldred, Pa.

Sworn and subscribed to before me, this 25th day of May, 1912.

After April 1, Mr. and Mrs. Martin will be at home at Logan, W. Va.

**Divorce Beware.**  
Hasty Remarriage.

Persons who obtain decrees of divorce in West Virginia and who contemplate another marriage had better look up the law in the premises before taking a hasty second plunge into the matrimonial sea, or they may find themselves facing the charge of bigamy.

The new divorce laws as passed by the last session of the state legislature provide that divorcees who remarry inside of six months after obtaining their decrees are amenable to criminal proceedings the same as if they were living together without marriage, as the law specifies that such marriages are void and illegal.

Former Governor William Mercer Owens Dawson, twelfth governor of the state of West Virginia, died Sunday following an illness of one week. He had been in ill health for a period of one year. There were at his bedside, Mrs. Dawson, his son Daniel, of Huntington, and Captain Baker White, of Charleston.

Mr. Dawson was born in Bloomington, Md., which was then within a few hundred feet of the Virginia line, now the West Virginia line, on May 21, 1853.

During his early life he was a clerk and then taught school as a young man, and in 1873 he went to Kingwood, W. Va., and became editor of the Press and County Journal. Two years later he became owner of the paper and made it one of the strongest publications in the state.

He entered politics in 1874 and was elected chairman of the Republican county committee of Preston county and served 13 years in that capacity.

The county court at Logan, W. Va., granted the petition submitted by the Logan Chamber of Commerce providing for a special election to be held in Logan district on April 22 on the proposition of bonding the district in the amount of \$200,000 for the permanent improvement and repair of county roads.

The order provides for the permanent improvement of all the roads in the district, re-locating the same where necessary and the construction of bridges and culverts. The bonds are to draw five per cent interest per annum and be redeemable under the following plan: One-fourth redeemable in five years, and one-twentieth at the end of the sixth and each following year up to the twentieth.

The order also provides for a vote on a 15-cent special district levy per annum to create a sinking fund to pay off the said bonds and accrued interest.
